Screw Conveyor Corporation

SIMPLIFY PURCHASING SCREW CONVEYORS: BUY UNIT MODULES

- Three Grades of CEMA Construction for Screw Diameters 6, 9, 12, 14 & 16.
 - Normal Duty — Usually for Non-Abrasive materials with up to 45% trough loading.
 - Heavy Duty — For Abrasive or Non-Abrasive material with up to 30% trough loading.
 - Extra Heavy Duty — Built for applications where special metals or coatings are not required.
- Package Pricing for Timely Customer Response
- Three Easy to Order Size Codes for Each Service Duty

Standard Base	10' Long for 6" & 9"	12' Long for all others
Std Unit Extension	10' Long for 6" & 9"	12' Long for all others
Unit Half Extension	5' Long for 6" & 9"	6' Long for all others
- Basic Unit modules eliminates bothersome component pricing accumulation.
- Focuses customers on buying and employees on selling three grades of service.

KEY UNIT MODULE SPECIFICATIONS BASIC COMPONENTS

Standard Base	Standard Extension	Half Extension
1 Full Pitch Screw	1 Full Pitch Screw	1 Full Pitch Screw, Half Length
1 Trough	1 Trough	1 Trough, Half Length
1 Cover W/3 Barron Cover Clamps and Screw Clamps for Single Flange	1 Cover W/2 Barron Cover Clamps and Screw Clamps for Single Flange	1 Cover W/2 Barron Cover Clamps and Screw Clamps for Single Flange, Half Length
1 Inlet and Discharge Loose	1 Coupling Shaft	1 Coupling Shaft
1 Tail Shaft	1 Hanger Frame & Bearing	1 Hanger Frame & Bearing
1 Trough End for Screw Conveyor Drive	1 Support Foot	1 Support Foot
1 Trough End, Anti-friction Flange Bearing & Waste Pack Seal		

- All components are of CEMA standard construction and tolerances.
- Screws and inside troughs are unpainted.
- Full Pitch screws intended for control feed, and provided with no bare pipe for discharge.
- Nylon Bearings can be substituted for wood, use the SCC Part Number listed plus an "A".
- All components of mild steel except for hanger bearings.
- Units shipped ready to assemble with bolts.
- Additional component parts can be ordered per SCC catalog 787 and Price list SC-01.
- All other unit components cannot be substituted, exchanged, or returned.

***Purchaser assumes all responsibility for sizing and suitability of the unit for any application.**

SCREW CONVEYOR SAFETY PRACTICES

TO AVOID UNSAFE OR HAZARDOUS CONDITIONS, THE FOLLOWING MINIMUM PROVISIONS MUST BE STRICTLY OBSERVED.

- (A) **SCREW CONVEYORS SHALL NEVER BE OPERATED UNLESS THE CONVEYOR HOUSING COMPLETELY ENCLOSES THE CONVEYOR MOVING ELEMENTS.** All necessary housings, covers, safety guards, railings, gratings and power transmission guards must be in place. If the conveyor is to be opened for inspection, cleaning or observation, the motor driving the conveyor is to be locked out electrically in such a manner that it cannot be started by anyone, however remote from the area unless the conveyor housing has been closed and all guards are in place. **THE HOUSINGS, COVERS AND GUARDS ARE NECESSARY TO PREVENT ANYONE FROM ENTERING, REACHING, OR FALLING INTO THE MACHINERY, WHICH MAY RESULT IN SERIOUS PERSONAL INJURY.**
 - (B) If the conveyor must have an open housing as a condition of its use, the entire open conveyor is then to be guarded by a railing, fence or rugged safety grating.
 - (C) Feed openings for shovel, front end loader or other mechanical equipment shall be constructed in such a way that the conveyor is covered by a rugged grating. If the nature of the material is such that a grating can't be used, then the exposed section of the conveyor is to be guarded by a railing and there shall be warning signs posted.
- DO NOT PLACE HANDS OR FEET IN ANY CONVEYOR OPENING, TO AVOID BEING CAUGHT BETWEEN THE ROTATING CONVEYOR SCREW AND THE CONVEYOR HOUSING.**
- DO NOT WALK ON CONVEYOR COVERS OR GRATINGS OR POWER TRANSMISSION GUARDS, TO AVOID FALLING INTO OR AGAINST THE ROTATING CONVEYOR SCREW.**
- DO NOT** poke or prod material in the conveyor with a bar or stick, to avoid being struck by the bar or stick.
- DO NOT** overload conveyor or use it for anything but its intended use.
- DO practice good housekeeping

A copy of Screw Conveyor Safety and Service Instructions are shipped as part of every order.

EXPERIENCE IN MOTION

For Over 70 Years We Have Been A Dependable Source For Performance Proven Industrial Bulk Material Handling Equipment. Put Our Experience to Work for You.
